S&S Cheesecake

"The secret of our success is we take good care of our product. We're very, very proud of it. I was an apprentice in Switzerland many, many years ago. We made a very, very good cheesecake there in Switzerland. I brought it over here and I perfected it. The cheesecake was one of my specialties. The cheesecakes keep us very, very busy. We start here very, very early in the morning. The day is usually finished here about 1:00, 2:00 in the morning." www.bronxmall.com
